## Sussex Cross Country League; Match 1

What a fantastic day it was for Lewes AC at Stanmer Park when we had our biggest ever turnout of athletes. They were all competing in the first Sussex League event of the winter on 10<sup>th</sup> November. The rain luckily kept away but a muddy Stanmer Park always delivers a good cross country course.

Tom Evans, who is the County Champion, led the senior men to win his race by a comfortable margin, whilst Barney Hastings won the under 11s race.

In the under 17 race Atticus Mohapi Dobouny came in second place, whilst in the under 13 races Louis Goodwin came second and Gabrielle Penrose third.

### 2018 end-of-season report

The 2018 Harvey Curtis Sussex Road Race Challenge (SRRC) concluded at the Brighton 10k on 18<sup>th</sup> November. Conditions were good, if a little breezy, and a strong field was guaranteed as the race included a South of England Inter-County competition.

Reigning champion, **Rebecca Moore** (Chichester AC), and **Maisie Trafford** (Arena 80) were the series front-runners coming into the last race. Both had beaten each other in the previous two head-to-heads and it was set up to be an exciting final race.

Unfortunately, events conspired to mean that neither athlete made it to the start line at Brighton. This meant that the overall positions went unchanged and Maisie took the title. Her first SRRC title and a reflection of the huge progress she had made earlier in the season.

Rebecca held on to second place overall and **Tara Shanahan** (Arena 80) took third place after a fine PB performance at Brighton. A late charge from **Emily Proto** (Arena 80) with great runs at both Brighton10 and the Brighton 10k saw her just miss out on a top three finish.

It was also a slightly disappointing finale to the men's contest. With five athletes in contention to battle it out for the top three SRRC places we were all set for fireworks. Sadly, only two of these contenders toed the line at Brighton; **Kev Rojas** (Brighton & Hove AC) and **Gary Foster** (Hastings AC).

A three-time SRRC champion like Kev does not miss opportunities like this, and he led home the SRRC qualifying athletes to secure his fourth title. Gary took the second SRCC scoring place in the race and thus secured second overall in the series. A real breakthrough season for the Hastings athlete.

**James Turner** (Brighton & Hove AC), perhaps regretting his decision to bottle the final race, was pushed down to third place. The young athlete learning an important lesson that you've got to be in it to win it!

**James Skinner** (Haywards Heath Harriers) just missed out on an overall podium place, but was the dominant winner of the Masters competition, having won the first three races of the season. **Neil Boniface** (Crawley) was the runner-up and **Alex Begley** (Brighton & Hove AC) took the Masters bronze.

The women's Masters title was taken for the second year in a row by **Tara Shanahan** (Arena 80), followed **Dani Tarleton** (Arena 80) with **Sue Fry** (Hailsham Harriers) and taking third.

The team contest was taken for the third year in a row by an ever-dominant **Arena 80**, winning four of the six races. **Brighton & Hove AC** were second and **Hayward Heath Harriers** completed the podium in third.

This was the last year of Harvey Curtis sponsoring the series and we thank them very much for their support over the last six years.

The 2019 SRRC will be kindly sponsored by the RUN Store and we look forward to their support leading to an even more hotly contested series. The first race will be the Chichester 10k on 3<sup>rd</sup> February 2019.

## Sussex Road Running Grand Prix

### Crowborough 10K Road Race

Sunday 25<sup>th</sup> November 2018

Firstly to remind everyone, the Sussex Road Running Grand Prix competition is essentially the F1 Grand Prix without the cars and limited to Sussex. Some may have been confused as both competitions came to a climax for 2018 on the same day. You may have seen pictures of a top-less Lewis Hamilton spraying champagne on all and sundry. Up in Crowborough we celebrated the end of the SGP season post-race with a nice cardboard cup of tea and a chat while keeping well-wrapped up.

The Crowborough course is a two lap race with a demanding up-hill and a ford that has to be tackled on each lap.

The Lewes results are below. In the competition, it is the best six results out of ten events that count and several Lewes AC competitors had done their six races and were already happy with their overall points, so the Lewes contingent was small.

Race position	Gun time	Chip time	Runner	Category	Cat. position	M/F position
2	00:36:41	00:36:40	Chris Coffey	-	1	2
6	00:37:15	00:37:12	Patrick McManus	-	5	6
112	00:48:26	00:48:19	Karin Divall	FV5	1	13
173	00:52:29	00:52:18	Bob Hughes	MV7	3	136

Chris ran a brilliant race to come in second. Tim Levett, who had sneaked over the border from Tunbridge Wells Harriers, was overall winner. But it's all about SGP points and Chris was first Sussex man. Unfortunately Chris had only five race results under his belt, so won't be able to snaffle an SGP medal. As he has just become a father, I think we can allow him some leeway.

In past reports we've described points chase for the FV5 crown. Annoyingly, we don't have the official final SGP league results. Karin was involved in a points catch-up chase with Linda Hayes of Wadhurst Runners. Linda seemed to be at an advantage on hills, and Crowborough certainly has them. Karin, however, had a bit of a blinder on the hills and was first FV5 runner home. It looks like Karin and Linda were close to drawing in the points table. However, my calculation is that Linda would be able to replace the previous lowest score in her top 6 races which may give her gold and Karin silver. But we'll have to wait and see.

I came third in the race in the MV7 category behind two Brighton Phoenix runners and I think I'm going to be in bronze position in the overall SGP MV7 competition. This would be a good result as it will give the impression that I've won something in a serious competitive category.

## **Beginners group graduation – Beverly Sheridan**

Our Autumn course graduates are now officially runners!

We completed another successful beginner's course this autumn and a great bunch set of on our course finale on 17<sup>th</sup> November; a local off road route to for their continuous 30 minutes run – all in glorious weather.

The following week a group also went to take part in the Peacehaven parkrun in not so glorious weather! They're actually jumping up & down to try and keep warm! Our Leaders turned out to support (and Anne made delicious cake) together with LAC members – thanks to Caroline, Dominic, Louise, Matt, & Mike.

You'll be seeing a bit more of our graduates soon as they take part in a new group run which will take them onto the next stage of their running journey to progress from 5k to 5 miles – snappily christened; 5to5. If you see them gathering on a Tuesday evening, introduce yourself and say hi.

The only joining requirement is that participants **MUST** be able to run 5 continuous miles comfortably and commit to 3 sessions per week.

The course will take place over 9 weeks (an introductory week + 8 coached weeks) and you will receive;

- Individual assessment & mentoring
- 16 coached sessions
- Strength & conditioning classes & programme
- Technique workshop
- 10k race entry

The programme starts in early January 2019 and course participants will be limited to 12. Course fees will be payable to cover workshop, classes & race costs. **If you are interested please contact us for more info on; [runlewes@lewesac.co.uk](mailto:runlewes@lewesac.co.uk);**
